

Z Skin Repair Shampoo is an effective solution for problem scalps. It was developed to help normalize the skin of the scalp. A healthy scalp is one of the conditions for healthy and good hair growth. Dandruff, which is skin shedding in the scalp, is just one of many conditions that can arise in the scalp. Z Skin Repair Shampoo is made to help with a broad spectrum of conditions, such as tender skin, dandruff, irritation, etc.

Hair and scalp problems often can have their causes in frequent use of shampoos with cheap ingredients that can have adverse effects. Z Skin Repair Shampoo is made with a combination of well-known active ingredients, including the unique, patented enzyme, Zonase, which breaks down dead and damaged skin cells, so the skin on the scalp is renewed quicker and is normalized more effectively. Z Skin Repair Shampoo is herb-based, with, among other things, chamomile, sage, rosemary, melisse and hop. Z Skin Repair Shampoo contains only natural active ingredients of the best quality, including the patented moisturizing material, Smids, to preserve moisture in the hair and scalp. It contains no parabens, perfumes or dyes.

How Z Skin Repair is used. Wet your hair well and massage a suitable amount (5 ml) of Z Skin Repair Shampoo thoroughly into the scalp and allow the shampoo work for 4 to 6 minutes before you rinse it out. Z Skin Repair Shampoo can be used as often as you wish. Use this shampoo in combination with Z Skin Repair Scalp Lotion Spray if your scalp is especially difficult and you will get an effective treatment that also works through the night.

The package contains 130 ml.
